

**Instructions to the Affiliated Arts & Science Colleges :**

**To implement the following measures to prevent incidents such as accidents / suicide / suicide attempts etc.**

- (i)** CCTV Cameras may be installed inside all College vehicles run by Educational Institutions on front and rear side to prevent the accidents.
- (ii)** The College Management shall depute Assistants in the vehicles meant for commuting the students for ensuring their safety, on and after boarding and de-boarding.
- (iii)** The College Management may heighten the parapet wall of the floors in their buildings or install iron grills on verandah / balcony in their institutions to prevent any untoward incidents.
- (iv)** Cameras may be fitted in all buses to prevent footboard travelling and for monitoring eve-teasing of College girl students and problems between passengers and bus crew to sort out the issues.

The Principal / Management of the College is requested to implement the above measures to prevent such incidents in future. An Action taken report in this regard may also be sent immediately to the Government.
